

Enterprise JWS Security Architecture - IP Addressing Plan

Network Segments

WAN / Transit Network

Subnet: 10.10.20.0/24

Device	Interface	IP Address
--------	-----------	------------

Edge Router	e0/0	10.10.20.1
-------------	------	------------

FortiGate	port1	10.10.20.2
-----------	-------	------------

DMZ Network

Subnet: 10.10.10.0/24

Device	Interface	IP Address
--------	-----------	------------

FortiGate	port4	10.10.10.1
-----------	-------	------------

WEB-API-SRV01	eth0	10.10.10.10
---------------	------	-------------

Default Gateway:
10.10.10.1

Internal LAN Network

Subnet: 192.168.1.0/24

Device	Interface	IP Address
--------	-----------	------------

FortiGate	port2	192.168.1.1
-----------	-------	-------------

SOC-CLIENT01	NIC	192.168.1.10
--------------	-----	--------------

Default Gateway:
192.168.1.1

Red Team Network

Subnet: 172.16.1.0/24

Device	Interface	IP Address
--------	-----------	------------

FortiGate	port3	172.16.1.1
-----------	-------	------------

KALI-RED01	eth0	172.16.1.10
------------	------	-------------

Default Gateway:

172.16.1.1

Management Network

Subnet: 192.168.149.0/24

Device	Interface	IP Address
--------	-----------	------------

FortiGate	port5	192.168.149.250
-----------	-------	-----------------

Host Machine NIC	DHCP	
------------------	------	--

Purpose:

Dedicated FortiGate management access.
